

Winona Lake

Public Works Department

Due to the Coronavirus many residents and children are staying home. Please **No Wipes Down the Pipes**. Even if a product says it is “flushable”

Excessive use of toilet paper can also cause issues. The following items should not be flushed.

- Diapers (including cloth, cotton, disposable, or plastic)
- Flushable, disposable, cleaning, or baby wipes.
- Paper towels, cloth towels, or any rag.
- Feminine hygiene products.
- Facial Tissues.

Place these items listed above in the trash can.

Putting these items down the toilets may plug sewers and cause raw sewage to back up in **YOUR HOME**.
